Now what?

Maybe it was when you were deciding on a next step, a new destination, or a new course of trajectory in life. You’re asking this question right now because you’ve recently encountered the faith community of Tahoe Church. Maybe you’ve never been part of a church before. Perhaps it’s been years since you set foot in a church. Or maybe you’ve never been part of a community of faith. We’re all at unique places on our journey of faith. No matter what we’re excited to connect with you! We’ve all asked this question before.
Every single person who's ever been created has an inherent thirst and longing for what's true. And every journey leads to a destination. The fundamental dilemma we all will face is: am I journeying toward the correct goal? Some of us may believe wealth or position are desirable destinations. Others may prioritize satisfaction and relationships. I would suggest we are all on the same quest—discovering everything else is then seen for what it truly is; All through the lens of truth. John 8:32. Every person on our planet is on a journey.

Let me give you an example...
Without truth, a person could wander through their entire life never truly understanding who they are and how to live.

The staff are sticking me with needles and hooking me up to all kinds of wires and beeping machines. Now at face value, if I had no clue what a hospital was, or who all these people were, I might come to the conclusion they were causing me discomfort, pain and even harm. Yet if I know the truth—that I’m actually sick, and in need of medical care—I would be able to view all that’s happening through a lens of truth. Then I would gladly receive all of the needles and machines with a grateful heart.

Do you see how truth affects how we see ourselves, others and everything in our world?
Truth is accessible to us all and it’s just waiting with bated breath to meet you!

Truth is not just a path for intellectuals or the spiritually curious. It’s actually the very reason every single human exists. And here’s the beautiful thing about truth—it actually wants to be discovered (Acts 17:24-31). It’s not a far-off treasure only to be uncovered by a chosen few. Truth is accessible to us all and it’s just waiting with bated breath to meet you!

The journey of discovering truth is—
Truth absolutely loves questions— the bigger, deeper and more audacious the better! Have you ever been asked a question that would expose a lie you wanted to keep hidden? How did you respond? Did you feel embarrassed? Did you make up a false answer? Did you change the subject? Lies and fallacies want to stay concealed. They manipulate and hide in isolation and darkness in hopes of never being discovered. Questions are their greatest fear. Truth absolutely loves questions— the bigger, deeper and more audacious the better!
Truth is a light that should never be covered up. Because once truth is attained, the entire list becomes accessible. What they’re really searching for is truth. So when someone says they are seeking love, hope, peace, joy, satisfaction, purpose, and meaning and enlightenment, it’s not just for satisfaction’s purpose. It’s for salvation’s purpose. (John 8:12) Light exists to shine on everything and shows us to see round and rounds to see. Truth is a light that should never be covered up. Light is a light that should never be covered up. Light.
So, what is truth?

Truth is God. God is Truth.

Without truth we won’t be able to know the depth of hope. Without truth we can’t experience the deepest level of love. Without truth joy, satisfaction, and purpose, meaning, and enlightenment are simply GHVWLQDWLRQVZHōOOQHYHUƓQG Truth is the only compass that will ever lead us to where we all desire to go. (John 18:37-38)

We’ve already described the value and the absolute need for truth. We must now define what it is. Truth is God. God is Truth.
Over 90% of the world’s population believe there is some form of God. If we keep the question basic, we are faced with the next two questions.

Is there a God? We all deep down know the answer to this is yes. Over 90% of the world’s population believe there is some form of God. Nearly all credible scientists agree something caused the big bang. Now we just need to narrow it down to which God.
There are many invented gods, so how do I know which one is true and which ones are false?

Why don’t you ask them? Have you asked Jesus if He is the one true God?

Remember—truth loves questions and Jesus is truth. Why don’t you ask him?

False. There are many invented gods, so how do I know which ones are true?
Now you must decide for yourself which one is actually real.

Some have done this with genuine good intentions attempting to explain their biggest questions. Others have created fake gods to control and manipulate others. Regardless of the original reason, we now have countless names, writings, temples, churches, rituals and religions for the sake of these false made-up gods. Now you must decide for yourself which one is actually real. Because when you do, you will encounter truth and once all of these: joy, satisfaction, purpose, meaning and enlightenment.

So which God is it? Which is the real one?

All throughout the history of human existence people have been inventing fake gods.
God the Father created us. Jesus the Son saved us. The Holy Spirit lives within us.

Just in the belief system of Hinduism alone there are approximately 33 million gods! So how do we know which god, if any of the gods who have ever been named, is the one true God?

Let me describe Him for you:

He is the God who created the cosmos. He is the God who created every atom, cell and organism on our planet. He is the God who breathes a soul into every human. He is the God who rules over every dimension there is.

He is the God who chooses to reveal Himself to us in three distinct ways.

Father – God of Creation
Jesus – God of Salvation
Holy Spirit – God of Indwelling

God the Father created us.
Jesus the Son saved us. The Holy Spirit lives within us.
Now you begin the journey of truth.

Every person who professes to follow any god must choose to believe in that god.

At Tahoe Church we hold the belief, faith and conviction that Jesus is the one true God.

(Hebrews 11:1-6)

Now that we have decided which God is the real one, now what? Now you begin the journey of truth!
Jesus is not interested in religion. Jesus is interested in relationships. Begin by asking Him questions, talking to Him and listening— that's called prayer. Read about Him and learn from Him— that's why we study the Bible. Join a community that is seeking His truth— that is the purpose of the Church. Jesus is not interested in invention. Religion is a human invention. Jesus is interested in relationship, God's intention.
As your relationship with God grows, your understanding of truth will continue to grow. You will begin to see the world and everything around you in a whole new light! (1 John 1:5-7)

When we are in relationship with God, we receive the purpose and meaning we were created for. We find forgiveness, joy, satisfaction, purpose, meaning and enlightenment.

God is truth and in Him we receive the purpose and meaning for our lives.
You were made for community.
Join us as we travel this path together!
You were never created to walk this journey alone.
You were made for community. Join us as we travel this path together!
